Definitions—

The following definitions apply in this policy:

- “Human sexuality instruction or instructional programs” means any course, unit, class, activity or presentation that provides instruction or information to students about sexual abstinence, human reproduction, reproductive anatomy, physiology, pregnancy, marriage, childbirth, parenthood, contraception, or HIV/AIDS and other sexually transmitted diseases.

- “Medically accurate” means verified or supported by a body of research conducted in compliance with scientific methods and published in journals that have received peer review, where appropriate, and recognized as accurate and objective by professional organizations and agencies with expertise in the relevant field, such as the American Medical Association.

- “Parental notification form” means a form prepared by the Utah State Office of Education relating to student participation in human sexuality instruction or instructional programs.

Parental Permission Form Required for Participation—

Students may not participate in any human sexuality instruction or instructional program unless, prior to the student’s participation, the school has on file for that student a completed parental notification form relating to that specific instruction or program which indicates that the student’s parent or guardian authorizes the student to participate. Completed permission forms shall be maintained in the student’s educational records.

Health and Human Sexuality Guidelines—

All health and human sexuality education shall stress the importance of abstinence from all sexual activity before marriage and fidelity after marriage as
methods of preventing sexually transmitted diseases. The curriculum and education shall also stress personal skills that encourage individual choice of abstinence and fidelity in marriage.

The District Human Sexuality Curriculum Materials Review Committee shall meet on a regular basis as determined by the members of the committee, shall establish procedures for operation, and shall designate a chair. The committee in holding meetings shall comply with the requirements of the Utah Open and Public Meetings Act. (See Policies BE, BEA, and BEB.)

Review of Guest Presentations Relating to Human Sexuality—

Before any guest speaker or guest presenter may present any information in any District course relating to human sexuality instruction, the speaker and presenter and the materials to be presented must have been approved by the District Human Sexuality Curriculum Materials Review Committee. The committee shall not authorize the use of any human sexuality instructional program which has not been previously approved for use in the District as set forth below regarding curriculum approval.

Adoption of District Human Sexuality Instructional Materials

[Option A]—

The Board of Education hereby adopts for use in the schools of the District the human sexuality instructional materials recommended by the Utah State Office of Education. All human sexuality instruction in the District shall make use of those instructional materials.

[Option B]—

The Board of Education shall determine what human sexuality instructional materials will be used in the District. The Board shall request that the District Human Sexuality Curriculum Materials Review Committee provide recommendations regarding the human sexuality instructional materials to be used in the District. Such recommended materials must be medically accurate and must be consistent with the Health and Human Sexuality Guidelines set forth above. Following recommendations from the Review Committee, the Board shall consider whether to adopt recommended materials at a public meeting which includes a public hearing on the issue. The proposed materials shall have been made available for review by residents of the District a reasonable time in advance of the meeting. If a majority of the Board members present vote to adopt the recommended materials, then the materials may be used in the District.
The Board’s decision regarding adoption or rejection of human sexuality instructional materials may be appealed upon written request of 40 patrons of the District [1% of the patrons of the District – based 3962 registered voters, 2007]. Upon receipt of a qualifying request, the Board of Education shall hold a public hearing regarding the issue and consider whether to change or revise the Board’s decision. Following any such hearing, the Board will not consider any additional appeals for at least 1 year.

Following adoption of human sexuality instruction materials which have not previously been approved by the State Instructional Materials Commission, the Board shall report such adoption to the State Office of Education. That report shall provide a copy of the materials, documentation of the adoption of the materials at the Board meeting, documentation that the materials are medically accurate, documentation of the committee recommendations, and the Board’s rationale for adopting the materials.

The Board of Education shall annually review the decision to adopt the human sexuality instructional materials used in the District, and shall consider whether to continue use of those materials.

Utah Admin. Rules R277-474-6 (August 8, 2006)

Monitoring of Human Sexuality Instruction—

Each school in the District shall log and track all parental or community complaints and comments resulting from student participation in human sexuality instruction in the school, including disposition of any complaints made. This information shall be provided to District administration on a monthly basis during the school year.

District administration shall compile and maintain records of parental or community complaints and comments resulting from student participation in human sexuality instruction in the District, including disposition of complaints, and shall provide that information to the Utah State Office of Education upon request.
